

UNIQUE FEATURES

Trailers 2000 offers a premium range of Australian made, galvanised box trailers, without the premium price tag! All trailers feature high quality Australian designed parts and accessories and are supplied to the following superior specifications:

GALVANISED STEEL CONSTRUCTION

Trailers 2000 trailers are made from galvanised steel so you have the confidence of knowing that your trailer body and chassis are fully protected from the elements. Plus all welded areas are protected with an additional Cold Galvanised Treatment.

BRAND NEW WHEELS AND TYRES

Every Trailers 2000 trailer comes with brand new wheels and tyres.

LED LIGHTS

All trailers are fitted with weatherproof LED lights made with a superior polycarbonate lens & ADR approved.

MAGNETIC TRAILER PLUG

Every trailer comes fitted with Australia's only magnetic trailer plug, which means when not hitched up you can prevent damage to your connector plug by attaching it to your trailer drawbar.

STRONGER CONSTRUCTION

Our trailers are made using advanced state-of-the-art "self-piercing riveting" technology for improved strength, rigidity & durability under Australia's harsh conditions. Plus new style tie-rails are thicker and stronger than ever.

TRAILERS 2000 OWNER BENEFITS

BEST VALUE
GALVANISED TRAILER IN AUSTRALIA

The Trailers 2000 Accessories Range features some handy additions to your standard or heavy duty Trailers 2000 trailer.

Flat Pack Cage

Strong and durable, the flat pack cage is designed to keep its integrity at the rear whilst the door is open. Fitted with a removable rear door and heavy duty hinges, the lock is marine grade and pad lockable. The cage is easily removed and the four sections of the cage flat pack for easy storage. Great for camping, moving house and general garden waste, the cage is available to suit all Trailers 2000 trailers.

Tradesman's Canopy

The ultimate in trailer security, the tradesman's canopy allows for safe storage of tools and equipment. Fitted with gas struts on doors, rubber weather seals, Crocllocks plus an internal shelf. This Australian made, galvanised steel construction canopy is built for the job. The tradesman's canopy is available to suit 6 x 4 and 7 x 4 only.

A handy set of bolt-on carry racks is available to fit the tradesman's canopy. These racks are ideal for carrying light loads such as ladders and timber.

Spare Wheel

New 13" & 14" available. 13" fits all Trailer 2000 trailers other than the 7 x 5 and 8 x 5 Heavy Duty. 14" fits the 7 x 5 and 8 x 5 Heavy Duty Trailers.

Carry Racks

Carry Racks are designed to fit Trailers 2000 galvanised trailers only. These racks are ideal for carrying ladders, canoes, light loads such as timber etc. The carry racks are available to suit 4' (1200mm) wide and 5' (1500mm) wide trailers. Maximum load 50kg.

Tonneau Covers and Cage Covers

These easy to fit PVC covers are ideal for protecting against dust and water. The kits contain the cover and the buttons for securing the cover to the trailer. These covers are available to suit all sizes.

Also Available in the Galvanised Trailer Range, Universal, Flat Deck Trailers and Car Carriers.
