

Certton®

## CERTTON ORGANIC COTTON FABRIC RANGE

Our Certton organic cotton fabrics are the best in the world. We use the world's highest quality 100% certified organic cotton yarns to produce a luxurious single jersey organic fabric. We consistently wash and test our fabrics under the most intense conditions possible to ensure that every batch holds up to our very high-quality standards. Our fabrics are used by entrepreneurial start-ups, high profile fashion designers & leading international apparel brands. Our stocked colour range has been hand selected to accommodate current global colour palette trends. We also offer a custom colour service on a minimum of only 4 rolls, yardage printing, digital printing & bespoke knitting programs.

## SUPERINO WOOL FABRIC RANGE

Our range of Merino Wool fabrics has been stringently tested to perform. Our merino fabric partners combine Australia and New Zealand's most famous fibre with the latest in fabric and garment technology to produce the world's best merino fabrics. We not only test our performance fabrics against the stringent 'Woolmark' and 'Merino Perform' specifications but also test them in the environments for which they were intended. This ensures our merino apparel fabric range not only performs to our promise but exceeds your expectations. We carry a stock service range and develop programs specifically for the active, bespoke fashion and corporate category markets.

## BLENDS MIXED FABRIC RANGE

Our selection of natural and man-made fabrics offers a wide variety of fibres for use. All fabrics have imperfections in some form. Man's desire to produce perfect fabrics resulted in the production of blended fabrics: an intimate mixture of two or more fibres spun together. Blending of cellulosic fibres with man-made fibres to produce fabrics with improved characteristics has long been accepted throughout the world. We specialise in blends featuring different combinations of cotton, Tencel, modal, bamboo and

## EARTH POSITIVE FABRIC RANGE

The quality of our earth positive yarns and fabrics is the foundation to delivering the highest quality garments. All the fabrics are knitted at in-house facilities in India, and dyed with GOTS approved chemicals, using low-water and controlled waste discharge processes, certified to OekoTex 100 Class I standard and conforming to REACH. Furthermore, the fabrics are dyed in our zero-discharge dyehouse, where all the water is recycled in a closed-loop system.
