

.....Introducing the new

VANTAGE COLLECTION

by
SONATA FURNISHINGS

Comprising 4 designs in 4 coordinated colourways

plus coordinated roller blind fabrics

Sylvan

Arcadia

Buchan

Arrowtown

Incorporating colours and designs specifically developed for the Healthcare sector this new collection has been designed, developed and woven in Australia. Drawing on 40 years of experience these new fabrics are multi launderable, snag resistant and flame retardant to AS1530 Parts 2 and 3. Our unique construction also allows for a very soft handle ensuring ultimate user comfort.

The designs – Sylvan, Arcadia, Buchan and Arrowtown are coordinated into four colour groups – Rainforest, Alpine, Mineral and Adobe. Bespoke colours can also be developed.

In addition to these fabrics we have also developed an anti microbial blackout blind fabric –Tatami – to coordinate with each of the colour groups.

Designs Arcadia and Buchan are also available in our Upholstery Plus construction which, apart from having a martindale rating of 100,000+ rubs, are also waterproof, stainproof and anti microbial.

Please contact us for a full presentation of this exciting new collection. Samples are available on request.
