FURNITURE REVIVERS

These lotions are based on an old recipe using linseed oil to deeply nourish and protect dried-out timber.

Available as: 'Untinted' where no colouring agents are used, ensuring the original colour of the timber remains unchanged**

Use as a more natural alternative to staining stripped furniture as it brings out the natural tones. Reviver is wax-free and may be diluted with vinegar for general use as a furniture polish.

Also Tinted versions in Walnut, Rosewood, Antique Black & Georgian Mahogany which are excellent for camouflaging blemishes and refreshing colour tone.

Use full strength with 0000 steel wool to gently remove hazy scratches and superficial water marks.

When well absorbed (dry to touch) buff well to shine.
A protective seal of wax polish is recommended.

**NB Raw Cedar is an exception and any linseed oil product may cause it to darken. In this case USE RESTORING WAX OR ORANGE OIL

OUTDOOR OIL

A CLEAR MATT WEATHERPROOF FORMULA FOR BRUSHING ONTO OUTDOOR FURNITURE
Builds resistance to the elements by deeply penetrating into the wood itself.
Reduces splinters from wooden garden tools.

FURNITURE CLEANER

Gently removes old dirt, grime, wax and oil build-up.

Will not remove a finish-only the dirt.

Apply with rag or steel wool.

Repeat if necessary then buff with a fresh cloth.

Polish with wax if a high shine is desired.

ORANGE OIL

Gently cleans whilst replacing lost oils to dried or aged furniture.

Imparts a warm glow to raw & natural tones of wood.

Excellent for cane furniture & Cedar blinds

Also can be used to buff up and prevent tarnish on metals.

Leaves a delightful scent of fresh oranges. No vapours

FOODSAFE

LEMON OIL

Cleaner & Polish especially for wooden musical instruments.

Will not alter the colour of wood.

Moisturising
Antibacterial

A few drops on a cloth makes an excellent duster for all wood surfaces
Fresh lemon scent

* MOST POLISHES AND LIQUIDS ARE AVAILABLE IN ONE LITRE SIZES BY REQUEST
