

COLLAR & RUFF

BIOTHANE & CARE GUIDE

About

Biothane is the brand name of all coated webbing products made by BioThane Coated Webbing Corp. It is a polyester webbing with a PVC coating that makes it durable, waterproof and easy to clean.

Collar & Ruff's Biothane products will keep your dog safe as it has an incredible break strength of 450kg across 25mm of strapping.

Collar & Ruff Printed Biothane is waterproof, colourfast and moves with its Biothane base.

Easy Care

Clean your Collar & Ruff Biothane products with water and gentle scrubbing if needed.

Important

IMPORTANT: Holographic and pattern prints are not as damage resistant as flat coloured prints. Avoid hard usage, long exposure to all water types and scuffing/rubbing.
