

Looking for a convenient way to apply the best organic fertiliser to your garden?

Biolink Brew is an easy way to boost the nutrient uptake in your plants

Biolink Brew Tea Bags contain a super effective, organic fertiliser in a tea bag for your home garden.

- ▶ Our unique blend of probiotics and other natural ingredients will feed your plants and promote healthy growth.
- ▶ Each single-use 'teabag' contains water-soluble nutrients to encourage nutrient uptake from the soil.

1

Convenient

There's no need to measure the quantity you need for each use. Just steep one tea bag per 10L watering can for up to 4 hours. Your brew is then ready to use.

2

Water Soluble

Using our Biolink Brew Tea Bags you'll have a ready-to-use, soluble 'brew' that's safe, easy to use and won't clog up your watering can.

3

Zero Waste

Once you've used your 'teabag', it can be mixed in with your compost or dug into your garden near plant roots, creating a readily available source of nutrients.

4

Versatile

Use for gardens and potted plants. Biolink Brew Tea Bags are great for any size garden. They're even suitable if you're growing plants in small spaces.

A perfect, natural fertiliser for veggies and flowering plants

Water soluble - no clogging-up your watering can!

No measuring
No waste

Safe, easy-to-use
and worm-friendly

It really is as easy as one, two, three!

Boost the nutrient uptake of your flowering plants and veggies in three simple steps.

1

Place one tea bag in 10L of water

2

Allow to steep for up to 4 hours

3

Pour over plant leaves and soil

Packs Contain
12 x 10g Tea Bags

Nurture yourself. Grow your own food.

Biolink4Plants was created by two farming families with years of hands-on experience in agriculture.

Whether you're growing a few veggies in your backyard or in small pots on your apartment verandah, making the effort to be self-sustaining is a satisfying one.

We produce a range of 100% organic products to promote plant growth and help support your veggie patch or floral garden.

Biolink Brew is a super-effective organic fertiliser in a 'teabag'. It's an easy way to boost essential nutrients and help your home garden flourish.

Our product range for Home Gardeners like you is available at our brand **new** online shop.
