INDUSTRIES PTY LTD  
PROUDLY AUSTRALIAN MADE STEEL BEDS AND BUNKS

## Why choose Hypersonic Industries?

We have proudly been making beds for Australian families, right here in Melbourne since 1963.

Owned and operated by the Wells family, we provide our customers with products proven in the market place for quality, comfort and durability.

Our beds are manufactured to the highest of standards using top grade Australian steel as well as other local raw materials. Our Bunk Beds are tested and certified to meet the requirements of **AS/NZS 4220 Bunk beds and other elevated beds.**

Can't find exactly what you're after in our catalogue? Give us a call; being a local manufacturer means we have the flexibility to custom make furniture to ensure it meets the needs of your customers. We love a challenge and would welcome the opportunity to collaborate.
