TASSIE SALMON
FISH OIL

Tassie Salmon Fish Oil Mix has been the secret ingredient amongst dedicated and professional anglers and can mean the difference between going home empty handed or a bumper catch! Our 100% Pure Tassie Salmon Oil can be used all year round as an irresistible attractant for almost all species of fish and crustacean.

Tassie Salmon Crabbing Oil Mix
Get an added advantage by soaking your bait in our Tassie Salmon Crabbing Oil Mix. The perfect attractant and preservative for fresh bait as our pure oil disperses effortlessly and slowly releasing, making it irresistible to crabs!

Tassie Salmon Fish Oil products are manufactured by Aussie Pets and Stock Feed Solutions Pty Ltd, a proud South Australian owned and operated Manufacturing Company who specialise in the manufacture of 100% Natural Multifunctional Animal Feed Supplements and Pure Tasmanian Salmon Fish Oil Products.

Our mission is to produce the best Tasmanian Salmon Oil products for the fishing community so that we can maintain sustainable health and wellbeing to our marine environment, through the products we deliver. As the old saying goes, "you are what you eat", we believe that to be never more true in the rapidly changing environment that we all live in. Knowing what you put into the environment has never been more critical and for that reason all of our products are PVA Friendly and carry the mark of quality and authenticity through the Australian Made and Owned accreditation.

We only use the purest ingredients to create some of the highest quality products in the market to date. Every product we manufacture has been approved to proudly display the Australian Made and Owned Logo.

Our Tassie Salmon Machinery Protectant is Environmentally Friendly. This means that you don't have to worry about the oil breaking down and exposing harmful chemicals into the environment.

Our oil products also hold both the Aquaculture Stewardship Council (ASC) and the Best Aquaculture Practice (BAP) certifications.

Tassie Salmon Machinery Protectant is the perfect rust inhibitor and protectant for all steel and galvanised equipment. Ideal for any rust prone surface! Great rust prevention for vehicles, boat trailers, tractors and caravans as well as all of your fishing equipment including your fishing hooks and reels.

Our motto is... prevention is always better than cure!

USAGE: Ensure surface has been thoroughly cleaned before application. Apply with a brush, sponge, cloth or spray. Reapply frequently in high exposure areas such as wheel wells. Residual oil can be removed with a wax and grease remover.

STORAGE: Store in a cool, dry place. Can be refrigerated to reduce smell.

INGREDIENTS: 99.9% Tasmanian grown Atlantic Salmon, 0.05% Naturox Antioxidant.

The best protection you can get!
