SPECIALTY  
SERUMS

# The Skincare Company. Brighter thinking. Smarter skin.

Since 2009, The Skincare Company have been developing scientifically formulated cosmeceuticals.

Since 2009, the vision of The Skincare Company has been simple: to develop scientifically formulated, sophisticated skincare products which work.

Because we come from a clinical background ourselves, and because we collaborate with leading bio-physicists, clinicians, plastic surgeons and dermatologists, we're able to create formulations which we know are effective, as well as having an easy-to-follow regimen at home.

You'll also find we don't use harmful filler ingredients – just raw, active and clinical-grade cosmeceuticals proven to make a positive difference.

Now after a decade, we're proud to have grown as more and more people across Australia and New Zealand discover The Skincare Company difference. We still remain an independent, and fully Australian owned and operated company.

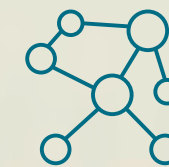

Today you'll find The Skincare Company stocked by the industry's most respected skin specialists. Recently, we applied our same passion for carefully considered, high quality and affordable skincare to launch The Face, complementary makeup range.

As our journey continues and our product range grows, the reason we began The Skincare Company remains the same. We're here to help people achieve the best possible skin, with honest products we stand behind.

- Medical grade cosmeceutical skincare range with clinically proven active ingredients for safety and efficacy.
- The FACE makeup range features both mineral and non mineral coverage options with varying degrees of coverage.
- High profile media brand ambassador partnership.

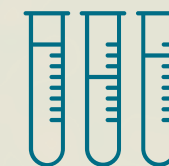

# Our scientific difference.

FORMULATED WITH  
CLINICALLY PROVEN  
AND SYNERGISTIC  
BIOACTIVE INGREDIENTS

PH OPTIMISED  
FOR EFFICACY  
AND STABILITY

CRAFTED, SHORT  
BATCH PRODUCTION  
WITH INCREASED  
POTENCY

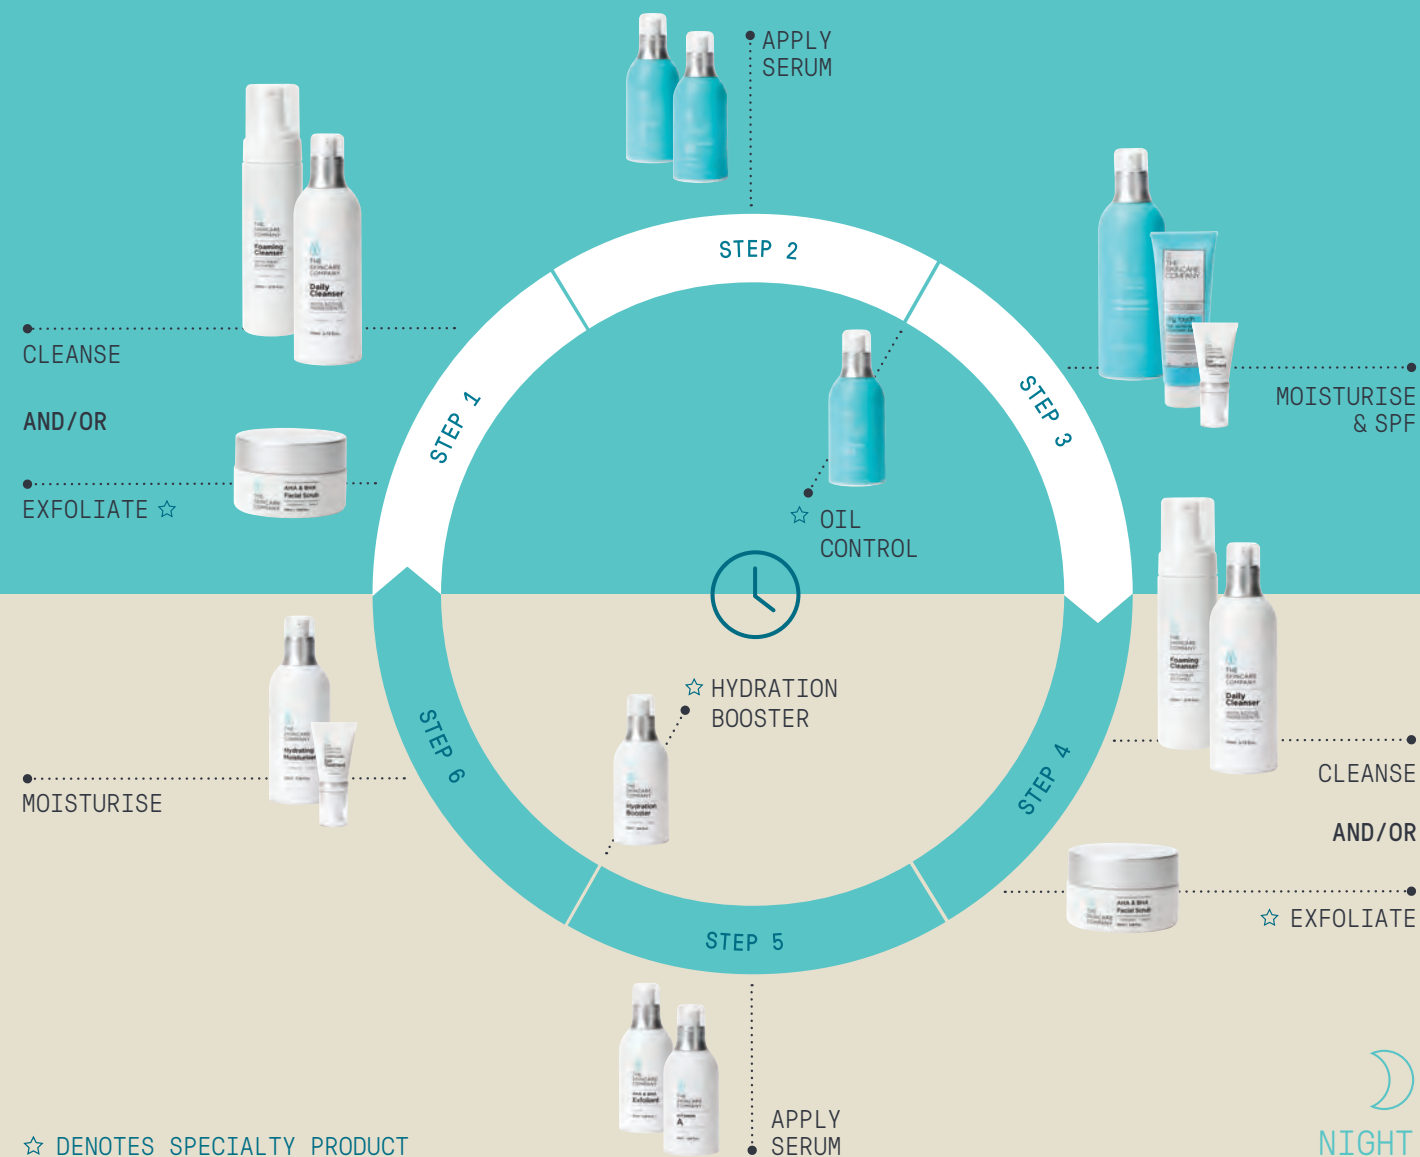

HIGHLY ACTIVE &  
POTENT SPECIALTY  
SERUMS TO TREAT  
ALL SKIN CONDITIONS

Our cosmeceutical skincare range is both refined and refreshingly simple.

Our goal is to provide your customers with concise instructions and an easy daily skincare regimen.

## Our System

### MORNING

#### STEP 1 – CLEANSE

Lather Facial Mousse Cleanser or emulsify Daily Cleanser on wet hands. Massage onto face. Rinse off with warm water. Additionally, exfoliate once per week with Facial Scrub by massaging onto the face for 30 seconds before rinsing off.

#### STEP 2 – APPLY SERUM

Apply a small amount of Vitamin C serum to the face and allow to dry. Layer HB5 serum over the top.

AND

#### OIL CONTROL

For oily/combo skin, layer B3 serum on top of any serum as required.

#### STEP 3 – MOISTURISE & SPF

Gently apply Eye Treatment cream before finishing with Moisturiser with Sunscreen.

### NIGHT

#### STEP 4 – CLEANSE

Lather Facial Mousse Cleanser or emulsify Daily Cleanser on wet hands. Massage onto face. Rinse off with warm water. Additionally, exfoliate once per week with Facial Scrub by massaging onto the face for 30 seconds before rinsing off.

#### STEP 5 – APPLY SERUM

Use Exfoliant serum and Vitamin C A cream on alternate nights. Apply a small amount to the face, avoiding the delicate area of the nose and eyes.

OR

#### HYDRATION BOOST

Use CO Q10 Hydration Booster alone on dry skin or mix in with your moisturiser

#### STEP 6 – MOISTURISE

Gently apply Eye Treatment cream before finishing with Hydrating Moisturiser as the last step in your regime.

### DAILY CLEANSER 120m1

This cleanser is suitable for all skin types and has been developed to minimise sensitivity. It contains Lactic Acid and Salicylic Acids combined with clinically proven antioxidants and extensively researched Vitamin B3 (Niacinamide) and Vitamin E. The Daily Cleanser will assist in boosting skin immunity and will ensure a thorough clean without stripping the natural skin oils.

- Regulates sebum production
- Niacinamide boosts skin immunity
- Antioxidants and vitamins fight free radical damage
- Fragrance, preservative and SLS free.

R

### VITAMIN C SERUM 50m1

Our Vitamin C (L-ascorbic Acid) serum is potent and pure and excludes any fragrances, synthetic fillers or parabens. A clinically effective combination of Vitamin C (L-ascorbic Acid), Zinc and Hyaluronic Acid, with the additional antioxidant protection of Curcumin. The Vitamin C serum will assist in new collagen production and have a lightening effect on epidermal pigmentation.

- Co-factor for new collagen synthesis
- Potent antioxidant, aids detoxification and skin healing
- Stimulates epidermal cell renewal, lightening pigmentation
- Fortified with Curcumin for its anti-inflammatory, anti-aging and antimicrobial properties

R

### NIACINAMIDE B3 SERUM 50m1

Vitamin B3 (Niacinamide), is an important cell energising ingredient and skin rejuvenator. It assists in the regulation of the DNA repair enzyme PARP-1, the expression of inflammatory cytokines and is a key coenzyme in ATP production. Clinical studies illustrate that Vitamin B3 (Niacinamide) increases the biosynthesis of stratum corneum lipids including ceramide, decreasing TEWL and subsequently improving skin barrier function.

- Lightweight and fast absorbing serum formulation
- Normalises sebum production to treat acne
- Anti-inflammatory properties assist skin healing
- Decreases epidermal discolorations, redness and sallowness

R

### FACIAL MOUSSE CLEANSER 200m1

The Facial Mousse Cleanser gently exfoliates and cleanses away surface impurities, excess sebum and make-up. This aerated cleanser is an alternative to our popular Daily Cleanser and is for clients who prefer a lighter formulation. Infused with fruit extracts and nourishing hydrators, this cleanser contains the proteolytic Papaya Fruit enzyme for targeted breakdown of dry and flaky epidermal skin cells.

- Targeted Papaya (Papain) extract exfoliates flaky epidermal cells
- Stimulates and hydrates sluggish, dull skins
- Suitable for all skin types

R P

### HYALURONIC B5 SERUM 50m1

A lightweight, fast absorbing serum containing Hyaluronic Acid for superior hydration. Vitamin B5 (Pantothenic Acid), provides powerful antioxidant protection and assists in the healing cascade of wound repair. Used daily, the hydrating Hyaluronic B5 serum will plump and reduce the appearance of fine lines and wrinkles, calm reactive skin and improve the skin's ability to repair post clinical peel, microdermabrasion or laser treatment.

- Significantly improves skin hydration levels
- Plumps and hydrates fine lines and wrinkles
- Antioxidant protection
- Supports wound repair and calms reactive skin

R P

### MOISTURISER WITH SUNSCREEN 120m1

The Skincare Company has produced this non-pore clogging moisturiser which includes sunscreen equivalent to SPF15+ for protection and convenience. This lightweight moisturiser is free from parabens and oils and is fortified with Vitamin B3 (Niacinamide) and Licorice Root extract to ensure minimal water loss and provide a protective skin barrier.

- Lightweight, gel based formula
- Equivalent SPF15+ broad spectrum sun protection
- Prevents transepidermal water loss
- Paraben and oil free

### EYE TREATMENT CREAM 10m1

The Skincare Company Eye Treatment cream contains a unique combination of potent antioxidants to retexturise and protect the delicate eye area. Vitamin K has been shown to promote wound healing and when combined with Vitamin A, will act to reduce periorbital dark circles and improve circulation. The Eye Treatment Cream also contains Vitamin B3 (Niacinamide), Vitamin B5 (Pantothenic Acid) and Ubiquinone (Q10) for their antioxidant properties/activity.

- Targets dark circles
- Hydrates delicate eye area
- Gently exfoliates dull skin
- Restores skin barrier function

R

### VITAMIN A SERUM 50m1

This gentle and non-irritating cream formulation of Vitamin A is enriched with antioxidants and six active ingredients, including Hyaluronic Acid, to improve the appearance of aged and photodamaged skin. Vitamin A is an essential antioxidant which assists in the regulation of epidermal cell proliferation and renewal. Other benefits include improving skin discoloration, increasing dermal collagen support and aiding in the treatment of blemishes and breakouts in acne prone skins.

- Anti-acne properties
- Double defence Vitamin A - includes both Retinol and Retinyl Palmitate
- Improves skin discoloration
- Improves the texture of aged and photodamaged skins

R P

### HYDRATING MOISTURISER 100m1

A luxurious moisturiser that excels in providing essential nourishment demanded by mature, aged, dry and dehydrated skins. Enriched with lanolin to penetrate the deeper epidermal layers to provide superior protection and moisture barrier. Vitamin B3 (Niacinamide) increases the biosynthesis of stratum corneum lipids including ceramide, decreasing TEWL and subsequently improving skin barrier function. Vitamins A and E provide supporting antioxidant protection.and sallowness.

- Lanolin to provide a superior moisture barrier
- Vitamin B3 improves skin barrier function
- Broad antioxidant protection through Vitamin A and E
- Improves dry and dehydrated skin

R

### EXFOLIANT SERUM 50m1

Utilising patented slow release technology, the Exfoliant Serum combines a unique blend of both alpha and beta hydroxy acids to deliver all the clinically proven benefits, without the negative effects of dry, irritated and overly-sensitive skin. The Exfoliant Serum will significantly improve skin texture removing dull epidermal cells, promote the stimulation of new cell turnover, reduce skin discoloration, excess pigmentation and assist to decongest acne prone skin.

- Extremely potent AHA/BHA formulation
- Time release, patented mechanism prevents irritation
- Increases cell turnover to reveal younger looking skin

R P

### HYDRATION BOOSTER SERUM 50m1

A deeply nourishing and fast absorbing antioxidant-rich facial oil, ideal for dry, sensitive and reactive skins. Formulated using regenerative ingredients including the formidable antioxidants Coenzyme Q10, Vitamin A and Vitamin E to fight free radical damage. Using the highest quality Rosehip, Jojoba, Soya and Almond Oils, this serum quickly penetrates the deeper epidermal layers without leaving an oily residue.

- Coenzyme Q10 effectively combats aging
- Regenerative ingredients and antioxidants fight free radicals
- Contains no sulphates, parabens or SLS
- Free of mineral oils, artificial colours and fragrance

R

### AHA & BHA FACIAL SCRUB 100m1

The skin polishing AHA & BHA Facial Scrub contains the powerhouse duo of Lactic and Salicylic Acids to provide an effective chemical exfoliation. Complemented with the ultrafine, biodegradable, exfoliating bamboo granules to mechanically polish and remove aged, photodamaged, dry and flaky epidermal cells. Vitamins B5 and Vitamin E provide antioxidant protection with Lavender Oil and Shea Butter to soothe and nourish.

- Dual action facial scrub
- AHA & BHA eliminate aged epidermal cells
- Contains fine, uniform, and biodegradable bamboo granules for exfoliation
- Enhances penetration of antioxidant serums

## R DRY TOUCH SPF50 SUNSCREEN 100g

A highly protective, UVA & UVB broad spectrum SPF50 sunscreen lotion with 4 hours water resistance. Specifically formulated with a dry touch finish, this sunscreen lotion has a smooth and silky texture when applied to the skin without leaving an oily residue on the hands after application. Reapply regularly and avoid prolonged exposure to the sun.

TGA approved SPF50 sun protection

Broad spectrum UVA & UVB

4 hours water resistant

Dry Touch technology

## R BI-PHASE MAKEUP REMOVER 130ml

The Skincare Company Bi-Phase Makeup Remover, effectively erases stubborn mascara and long-lasting lipstick. A micellar water with unique oil and water phases combined with glycerine for lightweight moisturisation to soften and hydrate delicate skin. The oil phase will loosen and lift persistent makeup, whilst the water phase gently washes away impurities.

Hypoallergenic and paraben free

Hydrates and nourishes skin and lashes for a healthier look and feel

Gentle on sensitive eyes, suitable for contact lens wearers

Leaves no sticky residue

## R ESSENTIAL TRAVEL PACK

Our Essential Travel pack contains six of our best-selling cosmeceutical skincare products. These travel friendly, airless pump tubes, are an ideal way to trial the effectiveness of The Skincare Company range.

Contains the following products (10ml):

Daily Cleanser

Vitamin C Serum

Hyaluronic B5 Serum

Moisturiser with Sunscreen

Exfoliant Serum

Hydrating Moisturiser

## R MICRONEEDLE DERMA ROLLER

The Skincare Company Microneedle Derma Roller significantly increases the effectiveness of our morning serums by allowing access to the deeper layers of your skin. Designed with 540 ultra-fine, 0.25mm medical grade, stainless steel needles, the roller creates multiple surface skin channels to increase product penetration.

Using the roller regularly, in conjunction with The Skincare Company morning serums, helps to reduce the appearance of fine lines and wrinkles and visibly reduces scarring, sun damage and pigmentation.

## R ANTI-AGING TREATMENT PACK

### Treatment pack contains

- Daily Cleanser
- Moisturiser with Sunscreen
- Hydrating Moisturiser
- Dry Touch SPF50 Sunscreen
- Vitamin C Serum
- Exfoliant Serum
- Vitamin A Serum
- And a choice of FREE specialty serum
  - Hyaluronic B5 Serum (Normal Skin)
  - Vitamin B3 Serum (Oily/Combination)
  - Hydration Booster (Dry)

The Skincare Company have developed a range of pre-selected, anti-aging treatment packs to allow your patients to trial eight of our best-selling, cosmeceutical skincare products. Each treatment pack contains four essential products with four specialty serums that should be included in every skincare regime, not only to fight aging, but to maintain youthful, luminous skin. The treatment packs are beautifully packaged in a custom enclosure with a product brochure and regime instructions.

# Professional skincare range & Medical grade chemical peels

MEDICAL GRADE CHEMICAL PEELS BLENDED WITH ANTIOXIDANTS AND SKIN HEALING VITAMINS

FLEXIBILITY TO TREAT A WIDE VARIETY OF SKIN CONCERNS

COMPLEMENTARY AND RESULT DRIVEN MEDIFACIAL PROCEDURES

# Medical Grade Chemical Peels

## PLUMP AND RESTORE 100ml

A luxurious professional peel, perfect for treating dehydrated and dull skin. This treatment will significantly replenish skin hydration levels, whilst combined with a gentle exfoliation to revitalise the skin's appearance. Enriched with powerful antioxidants and botanical extracts to soothe skin, brighten skin tone and fight free radical damage.

Peel formulation: 10% Lactic Acid, 10% Mandelic Acid, Pomegranate extract, Mulberry extract, Green Tea extract, Glycerin, Beta-glucan, Niacinamide, Allantoin, Hyaluronic Acid and Panthenol, pH 2.9.

## DEEP AND MEANINGFUL 100ml

Perfect for aged and sun damaged induced pigmented skins. Enriched with potent botanical extracts to effectively lighten and improve superficial pigmentation combined with skin restorative ingredients to visibly improve skin dullness, uneven skin tone and boost skin immunity.

Peel formulation: 20% Glycolic Acid, 15% Lactic Acid, 4% Kojic Acid, 0.5% Vitamin A, Mulberry extract, Niacinamide and Arbutin, pH 3.5.

## COMPLEXION PERFECTION 100ml

This Jessner peel is specifically formulated with potent antioxidants and botanical plant extracts chosen for their anti-inflammatory, antibacterial and calming properties. Ideal for acne prone and sun damaged skins, the Complexion Perfection peel will shed layers, reducing superficial pigmentation and revealing a smoother, more refined skin with youthful radiance.

Peel formulation: Jessner's base (14% Salicylic Acid, 14% Lactic Acid and 14% Resorcinol), 0.5% Vitamin A, Rosemary Oil, Tamanu Oil and Chamomile, pH 2.4.

## PRE-PEEL PREPARATION CLEANSER 100ml

The Skincare Company Pre-Peel Preparation Cleansing Solution, exfoliates and purifies the skin, removing debris, surface sebum, bacteria and makeup. It contains skin repairing agents, anti-oxidants, Witch Hazel, hydrating Aloe Vera and skin-restoring Vitamin B3 (Niacinamide). An essential step to professionally prepare the epidermis for a chemical peel treatment.

## ROSE WATER NEUTRALISING SOLUTION 100ml

The Rose Water Neutralising Solution professionally and safely rebalances the pH of the skin post chemical peel. Enriched with Aloe Vera for its antibacterial properties, with Niacinamide, Rose Otto Oil and Allantoin to promote skin tissue healing and repair.

# Medifacial Range

## PURITY CLAY MASK 250ml

The Purity Clay Mask, is an oil rich clay mask high in minerals, designed to cleanse and replenish the skin. The French Pink Clay, helps draw out impurities in the skin while the nourishing oils, Shea Butter and Aloe Vera help soothe and protect the skin from dehydration and irritation.

French Pink Clay draws out impurities, tightens pores and protects skin

Macadamia Oil and Vitamin E aid skin recovery and inflammation

Aloe Leaf extract and Shea Butter hydrate and soothe dry skin

Detoxifies and brightens

## EYE DRINK 90ml

This light-weight and cooling eye gel was created specifically for medifacial skin treatments to provide deep moisturisation, brightening the delicate skin around the eye area. Containing powerful and potent antioxidant protection from Dragon's Blood extract, supplemented with Cucumber Oil to soothe and moisturise. Further enriched with Vitamin C and Hyaluronic Acid to detoxify, hydrate and brighten skin tone.

Powerful antioxidant protection with Dragon's Blood extract

Vitamin C and Hyaluronic Acid detoxify, hydrate and brighten skin tone

Lightweight formulation

Skin soothing and moisturising properties

## REFRESH FACE MIST 250ml

The Skincare Company's rose water spritz, has been specifically designed for luxurious clinical facial treatments, to provide soothing, anti-inflammatory and relaxing benefits. Enhanced with Lactic Acid (AHA) to hydrate and encourage the shedding of dull surface skin cells. Generously mist over the face during treatment or to finalise the facial procedure.

Soothing and anti-inflammatory

Hydrates and moisturises skin

Antibacterial properties

Encourages cell turnover

## REPAIR CREAM MASK 400ml

The Skincare Company's nourishing cream mask, is infused with Dragon's Blood, an ingredient utilised for its anti-inflammatory properties and ability to assist with barrier repair, improving dry and/or damaged skin. This facial mask excels for post treatment care, to help calm and hydrate reactive skin and is packed full of vitamins and minerals to help nourish and repair the skin.

Dragon's Blood extract provides superior antioxidant protection, soothes and moisturises, slowing down the visible signs of aging

Vitamin B5 soothes, calms and heals reactive skin post treatment

Nourishing and ultra hydrating ingredients including Shea Butter, Jojoba Seed Oil, Tocopherol and Panthenol

Suitable for all skin types

## REFINE FACIAL TONER 250ml

The Skincare Company's Refine Facial Toner, is enriched with Witch Hazel plant extracts and Vitamin B5 for their potent antioxidant and skin soothing properties. Peppermint plant extracts refresh and purify skin whilst Ginger Oil detoxifies and promotes a healthy circulation. Containing no added alcohol, this formulation is to be applied after cleansing to rebalance the natural pH of the skin.

Rebalances the natural pH of the skin
