

## Introduction and About JAGRD

JAGRD (pronounced jagged) Wood Fired loves working with fire and the outdoors, encouraging the gathering of family and friends around great BBQ food.

Plus provides flames and warmth, all year round!!

Glenn and Jules are partners in JAGRD Wood Fired. Working for over 10 years professionally with wood fire equipment; from catering to design. Beginning in Victoria, across the border to Kununurra, Albany and back again.

This has given us the opportunity to speak with likeminded people, hearing again and again what they wanted to have available in their own backyards, it was a resounding "Australian made please!"

They want the Aussie strength in flavours, trust and reliability in products, but more so, they want to support local Australian businesses and want to shop with those that do the same, this desire has never been stronger with backyard BBQers...

## **The JAGRD Wood Fired Smokers-Ovens**

Award-Winning All Australian JAGRD BBQ Pits are

1. for those that want it all-natural wood fired and charcoal fuelled BBQ at home, café, club, pub or restaurant
2. for those that love cooking in the great outdoors
3. have only a small footprint to fill

Our big interest being a set and forget BBQ pit is our charcoal **Gravity Fed Cabinets**.

The JAGRD Big "**Beast**", specifically for caterers will cover it all:

- ✓ 15 to 18kg of charcoal in the chute will have you burning well, well, over 24hrs with little assistance, or shut it down and hold charcoal for your next cook
- ✓ Fully insulated within its steel frame which accounts for its excellent fuel efficiency.
- ✓ Each Shelf measures 700 x 600mm
- ✓ Loading 12 plus briskets
- ✓ 24 plus pork butts
- ✓ Chicken wings 80 plus kilos
- ✓ 5 easy clean expanded mesh shelves Included (these can be upgraded to stainless steel at additional cost)
- ✓ 9 Shelf Points for Additional Proteins
- ✓ Economical Fuel Consumption
- ✓ All Materials sourced in support of Local Businesses

**Beast Gravity Cabinet** Retail \$8190 Inc. GST - Plus Freight (Each Capital City Perth Depo to Depo \$485) (forklift required by receiver or extra charges may apply)

We build all our cabinets to be even more hands free and remotely monitored by incorporating another great Australian made product in the new Bluetooth/Wifi **Smartfire** controller, it also has it's very own fittings included to sit separate from the cabinet air valve this assists with the "set and forget" aspect of the cabinet too, not necessary, but enhances the whole unit and gives the user confidence in walking away with monitoring and controlling their pit from a distance...

Then there is the **Gravity Fed backyard "Baby"**

- ✓ 18hrs of burn time
- ✓ holding 5-8kg of charcoal, this will depend too of course at what temp the user is holding, fuel used, and running unaided or with the Smartfire controller.
- ✓ Fully insulated within its steel frame which accounts for its excellent fuel efficiency.
- ✓ Holding 6 Medium briskets (over 3 Shelves)
- ✓ 12 pork butts
- ✓ Chicken wings 50 plus kilos

External **"Baby"** specifications, considering all fittings of handles, taps and flue etc are:

- 900 wide x 550 deep x 1050 high with the flue removable you should be able to wheel it on its solid casters through the front door!!
- Shelf Size 460mm deep x 580 wide
- 3 Shelves Supplied and made from strong framed flat expanded mesh
- 6 shelf points, so you can adjust your height depending what your needs

**Baby Gravity Cabinet** Retail \$4390 Inc. GST - Plus Freight (Each Capital City Perth Depo to Depo \$355) (forklift required by receiver or extra charges may apply)
