## modUrn

The World's first "Smart Urn" designed to store, share and celebrate life. Our innovative cremation Urns include revolutionary capabilities and benefits to honor your loved one's life story.

Combining contemporary design and technology, each Urn is fitted with a Bluetooth beacon which connects to the modUrn APP, two year free hosting and secure individual life story. By invitation family and friends can join this private and supportive group to share and contribute their experiences, celebrate the journey and connection.

Our stunning collection of modern Urns hold life stories. Providing a central place for photo's, videos, content, family tree and much more to document and capture your legacy today and for generations to come.

## Memento

A Memento is a wonderful tool to assist capture your life story or that of a loved one.

Combining contemporary design and technology, each Memento is fitted with a Bluetooth beacon which connects to the modUrn APP, two year free hosting and secure individual life story.

By invitation family and friends can join this private and supportive group to share and contribute their experiences, celebrate the journey and connection.

Providing a central place for photo's, videos, content, family tree and much more to document and capture your legacy today and for generations to come.

## Keepsake

The modern Keepsake offers a modern twist to sharing our loved one's ashes. Encased in a secure capsule, a small amount of cremains can be held in the modern and geometric keepsake design.

It is very common for ashes to be shared between loved ones, so several family members can keep a small amount of ashes in their own casing, often displayed near a photograph or home memorial. The Keepsake does not include the technology or App.

# So what is modUrn?

modUrn IS A RANGE OF MEMENTOS & URNS WITH UNIQUE DESIGN INCORPORATING A LEGACY APP & SMART TECHNOLOGY.

Supporting families, connecting generations, curating your legacy, capturing meaningful moments, communicating your story, celebrating life.

Proudly created, designed and manufactured in Australia, the modUrn collection is a contemporary and thoughtful way to honor a life. Together with innovative design and technology, families can store and share a loved one's life story, today and for future generations.

After purchasing either a modUrn or a Memento TECH you can add stories, images and videos to a private account. (A variety of devices can be used). Choose other friends and family to be contributors.

View and share as much or as little as you wish with whoever you choose. The Urns and Mementos also act as beacons that can alert your device to a near by loved one.
