

# TubeCo

PROUDLY 100% AUSTRALIAN MADE AND OWNED

TubeCo Pty. Ltd is an Australian manufacturing company specialising in the production of bedding and furniture from quality metal tubing. With over 50 years' experience in the metal industry, TubeCo prides themselves on unique styles, an obsession with strength, durability, quality and the eco-friendly nature of their products made with recyclable construction materials.

With the option of an in-house designed & patented tapered locking system or nut and bolt bracket system you are guaranteed to find your perfect bed or bunk. TubeCo continually strive to provide to the strongest & best quality beds on the market.

TubeCo's range of bunk beds are AFRDI approved and the commercial range has been developed to meet specific industry needs & now sets the industry standards for hostels, schools and gaols. TubeCo offers a 5 year manufacturer's warranty on all their manufactured products.

Based in Caringbah, Sydney, TubeCo is proudly Australian owned; producing Australian designed and manufactured products, made by Australians! Keeping Australians in jobs!

Our 3 main suppliers include:

**D&R**Henderson

# IMPORTANT INFORMATION FOR BUNK BEDS

Australian standard bunk bed regulations AS/NZS 4220:2010

All bunk beds purchased after 2003 must comply with the provisions provided in the Consumer Protection Notice No. 1 of 2003 - Consumer Product Safety Standard: Bunk Beds. This outlines the minimum and mandatory sections of Australian Standard AS/NZS 4220:2010 Bunk beds and other elevated beds. Manufacturers who choose to subject their bunks to testing and pass receive the **"ORANGE TICK"** certification.

Manufacturers who choose to test their bunks to the **FULL AS/NZS 4220:2010 BUNKS BEDS AND OTHER ELEVATED BEDS** standard and pass receive the **"BLUE TICK"** certification. Testing for this is much more comprehensive and includes safety check, strength and durability and stability tests.

**TubeCo. are extremely proud to offer a number of slat and metal mesh based bunks which are certified to the BLUE TICK.**
