Why buy a Quikshade?...

Quikshade Australia has been established since 1985 and is proudly Australian made and owned. For over 20 years the company has enhanced its product range to a point where Quikshade Australia is seen in the market as a superior product when buying a portable shade.

More sizes and colours. The Quikshade is unique to any other portable shade supplier in Australia because we manufacture 2 models in extruded commercial grade aluminium. The Lite Weight System (LWS) and the Pro Elite System (PRO). By developing the Pro Elite System this has enabled our customers to choose a more robust, heavy duty, portable shade. The Lite Weight System is ideal for your everyday requirements and recreational needs.

Professionally tested. The Quikshade Australia product range is synonymous with quality. Quikshade Australia has taken the necessary steps to have all claims professionally tested. To support our expectation of quality we have also undertaken the internationally recognised ISO 9002 Quality Accredited Standards internally.

Guaranteed satisfaction. Quikshade Australia will guarantee your satisfaction in saving you time and money. If Quikshade Australia have not met with your expectations, we will refund your investment without hesitation. Quikshade Australia is a one-stop shop with guaranteed results that only a manufacturer can supply.

- ▲ Camping/Recreational

Australian Made

Strength & Dependability

2 MODELS TO CHOOSE FROM

Both models are very user friendly and easy to operate. They use the same canopy and are manufactured from commercial grade extruded 6106 T5 aluminium.

- ▲ Brackets are industrial grade heavy duty nylon, making the product more flexible, reducing breakage or snapping. The Lite Weight System is easily transportable and perfect for all occasions.
- NB. 3.0m x 3.0m Lite Weight System was developed to meet the baggage limits for aircraft.

MODEL SIZES AVAILABLE:

1.5m x 1.5m LWS
2.4m x 2.4m LWS
3.0m x 1.5m LWS
3.0m x 3.0m LWS

- ▲ More aluminium has been poured into the legs - giving you extra strength.
- ▲ Larger strut.
- ▲ Brackets - combination of aluminium and industrial grade heavy duty nylon. Developing a stronger, more durable product to withstand those tougher weather conditions and meeting the demands of more commercial requirements.

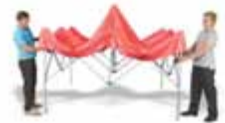

Larger strut Thicker inner leg

MODEL SIZES AVAILABLE:

1.8m x 1.8m PRO
2.1m x 2.1m PRO
3.0m x 3.0m PRO
3.6m x 3.6m PRO
4.5m x 3.0m PRO
6.0m x 3.0m PRO
7.2m x 3.6m PRO

Your Shade... Your Choice...

SUPERIOR QUALITY FOR YOUR PEACE OF MIND

You can rely on a Quikshade portable shelter to perform year after year, because of the inherent quality of the components that go into its manufacturing process.

1 CANOPY

- ▲ 500 Denier polyester with urethane coating.
- ▲ Made from waterproof fabric - professionally tested by Australian Wool Testing Authority Ltd.
- ▲ UV 98% - professionally tested by Australian Radiation Protection and Nuclear Safety Agency.
- ▲ Flame retardant - professionally tested by CSIRO and Australian Wool Testing Authority Ltd.
- ▲ Quality reinforced corners and peak section.
- ▲ Available in a huge range of colours.

2 FRAME

- ▲ Extruded 6106 T5 - superior commercial grade aluminium.
- ▲ Rust free.
- ▲ Brackets - are a combination of premium grade aluminium and industrial heavy duty nylon.
- ▲ Adjustable height with telescopic legs.
- ▲ 2 models in the range to choose from.

PACKAGE

Your complete purchase includes the Quikshade frame of your choice, canopy in the colour of your choice, guy ropes, pegs and carry bag.

Superior Pegs - made from hi-tensile steel with a MPA (Mega Pascals) rating from 550-850. Normal steel is rated at 200-300 MPA.

Guy Ropes - made from 3.6m marine grade polyethylene staple rope that is UV treated and has a breaking strain of 350kg, for your added safety.

Heavy Duty Carry Bag - made from Kodra fabric with a PVC coating for waterproofing and extra strength.

OPTIONAL EXTRAS

A full range of extras are available for your special needs.

From clear walls, mesh walls, 1/2 walls, doors, windows, pockets for posters, or even add a gutter, which easily attaches to join Quikshade products together.

Awnings add extra shade, protecting your stock and customers alike. Extra legs are also available to reduce flapping of walls on those extra windy days, whilst sand bags add stability.

BRANDING WITH QUIKSHADE

With over 25 years of experience, it is easy to accomplish perfect branding that will last and reflect your professional image whether for business, sporting clubs, volunteer groups or individual requirements.

No matter what your needs, from local sporting clubs to globally recognised brands, we work to your specifications and deliver the best in quality at all times. We do not charge for preparing proofs!

We can assist you with artwork and either digitally or screen print, depending on your creative needs, onto either a standard or customised Quikshade.

Just supply your logo and the process is easy, leave it up to us and we can produce your perfectly branded Quikshade.
